Communities across Canada were united both in grief and support of the Humboldt Broncos last week, and they came together on “Jersey Day” last Thursday to show their support. Sixteen passengers on a bus carrying the team to a playoff game were killed and 13 others injured when it was struck by a transport truck at an intersection just outside of town. The entire student and staff body of Mackenzie Community School gathered in the school's double gym to show their support for the junior hockey team and its loved ones.
