

Pancake breakfast

Brian Poirier, left, with deputy mayor Frank Prevost, centre, and Daniel Carbonell, right, serve breakfast at Holy Trinity Catholic Highschool on April 8, 2018. Andrzej Terrence.

ANDRZEJ TERRENCE, SPECIAL TO CTC MEDIA

CORNWALL, Ontario - The Glenwalter Fire Association held their 34 annual pancake breakfast on April 8, 2018, at Holy Trinity Catholic Secondary School.

"It's a great day to meet the neighbors and see who's coming and going. It's just a great event to get the community together," said Brian Poirier, deputy chief of the Glen Walter fire Department.

The Association was able to gather 620 people for the free breakfast between 8 am and 12 pm while raising donations for a multi-sports pad at the Glen Walter Park.

"So far, it has been a great turnout! We raised our \$3000 goal that we were looking for," said Daniel Carbonell, organizer of the breakfast.

The breakfast was free of charge but a pair of firefighter boots that served as the donation collector was a constant reminder for the com-

munity to keep giving.

"We would rather you come out and meet us instead of us coming out to meet you," said Daniel Carbonell.

It was a full complimentary breakfast with local maple syrup, bacon, sausage, fresh fruit and, of course, Tims coffee. The best western donated a room to be won in the 50/50 draw with several other supporters donating to the cause.

"The breakfast is always good!" said deputy mayor Frank Prevost. It was so good that people lined up outside the door of the High School but it was worth the wait.

"We ran through 620 people and a 135 dozen eggs!" explained Daniel Carbonell.

The multi-sports pad would be fully functional all year long with the capability to host hockey, basketball, ball hockey and even dodgeball.

FATHER

Who will you fight for this April?

My father has given me guidance and support throughout my life. Twice he was diagnosed with cancer, the first time it was colon cancer. He was 53. He was diagnosed with prostate cancer 10 years later. It was terrifying. Fortunately, because of early detection, effective treatment and lots of care, he was able to overcome these challenges. As a result, our family has enjoyed his continued loving and joyful presence and we just recently celebrated his 96th birthday.

The cancer death rate for Canadian men is steadily decreasing.
